Mr Beck

My neighbor and porch pal.

Mr. Beck. I had the privilege of living beside George and Peg For 13 years. I am certain I drove them nutty with my endless talking and babbling. However, I developed so much love and compassion for The Becks and Mr. Beck would greet me nearly each day with "Hey Neighbor what's new in the neighborhood"? This would lead to a 3 to 60 minute conversation depending on the day.

Needless to say I miss seeing him on the porch and our long talks about nearly everything in life.

The Beck Family are Gold in my heart forever precious and valuable. I loved him and so grateful to call him my friend.
